Terms & *Conditions*

Payments

Vita Cabinetry accepts cash, check, credit card, and ACH bank transfer. Full payment is required before any order is released for pickup or delivery. Payments made by check or ACH must clear and be verified by Vita Cabinetry before the order is released

Resale Certificates

Vita Cabinetry accepts valid resale certificates from clients who are purchasing items for wholesale purposes rather than as the end user. Please ensure your current documentation is on file with us prior to placing your order.

Order Acceptance & Changes

Each order is reviewed for accuracy upon receipt. Dealers are responsible for confirming item numbers, sizes, quantities, door styles, and finishes before submitting an order. Changes or cancellations can be accommodated only before an order enters production; once production has begun, orders cannot be modified or cancelled.

Returned Payments

Any payment returned for insufficient funds, or for any other reason, is subject to a \$35 returned-payment fee. Following a returned payment, Vita Cabinetry reserves the right to require certified funds or prepayment on future orders.

Pickup, Storage & Late-Pickup Fees

Orders must be picked up, or scheduled for delivery, within three (3) weeks of purchase. Orders not accepted within this period are stored at the client's expense, and storage fees accrue monthly at \$50.00 per pallet until collected. Vita Cabinetry is not responsible for delays resulting from a client's failure to schedule pickup or delivery.

Return & Cancellations

Returns are accepted for credit only and require prior return authorization from Vita Cabinetry. Assembled, modified, custom, or special-order cabinets cannot be returned. All other returns and cancellations are subject to inspection and a 25% restocking fee; returned product must be unused and in its original condition and packaging. All shipments should be inspected at pickup or delivery, and any visible damage or shortage noted at that time.

Limited Lifetime Warranty

Vita Cabinetry products are protected by the Vita Cabinetry Limited Lifetime Warranty. Please refer to the Warranty section of this book for complete coverage, exclusions, and claim procedures.

Cabinet *Care*

Your Vita cabinetry is built from solid wood and premium materials and finished to perform for many years. With routine care and a few simple precautions, the finish, hardware, and structure will retain their beauty and function throughout the life of the cabinets. We recommend reviewing these guidelines with your client at the time of installation.

Routine Cleaning

Wipe up spills, splatters, and water spots as soon as they occur — standing moisture is the most common cause of finish damage.

For regular cleaning, use a soft, lint-free cloth dampened with warm water and a mild dish soap, wiping in the direction of the grain, then dry immediately.

Always dry surfaces completely; never allow water to sit on or seep into joints, seams, edges, or end panels.

Apply glass and surface cleaners to the cloth — never directly onto the cabinet — to keep cleaners off the wood and finish.

Products & Materials To Avoid

Never use bleach, ammonia, or any product that contains them.

Avoid abrasive cleaners, scouring pads, steel wool, and melamine "eraser" sponges, which dull and scratch the finish.

Do not use petroleum solvents, paint thinner, nail-polish remover, or oven cleaner on or near cabinet surfaces.

Avoid wax- or silicone-based polishes and all-in-one furniture sprays; over time they leave a residue that clouds the finish and attracts dust.

Heat, Moisture & Environment

Keep small countertop appliances away from cabinet surfaces; direct or rising heat and steam can discolor or damage the finish.

Run the range hood while cooking and ventilate when using the dishwasher to limit heat and steam reaching adjacent cabinets.

Do not drape damp cloths or dish towels over doors; prolonged moisture can cause warping, swelling, or permanent damage.

Maintain a stable interior climate of roughly 60–80°F and 35–55% relative humidity. As a natural material, wood expands and contracts with humidity, and extreme conditions may cause movement or fine hairline checking.

Everyday Use & Longevity

Open and close doors and drawers gently; the soft-close hardware is designed to do the work, and slamming loosens hardware over time.

Do not hang heavy items from doors or use them as handholds, as this strains the hinges and door joints.

Periodically check and tighten knobs, handles, and hinges, and re-align doors as needed using the six-way adjustable hinges.

During any nearby remodeling, keep cabinets covered and protected from dust, moisture, and airborne chemicals.

Limited *Lifetime Warranty*

Coverage and Duration

Vita Cabinetry proudly offers this Limited Lifetime Warranty to the original residential purchaser. We warrant our cabinetry to be free from defects in materials and manufacturing for as long as the original purchaser owns the home where the cabinets are initially installed. This warranty applies exclusively to products purchased and used for standard residential purposes within the United States.

Eligibility and Claims Procedure

This warranty is strictly non-transferable and applies only to the first owner. Warranty claims cannot be made directly to Vita Cabinetry by the consumer. **All claims must be submitted to the authorized builder, dealer, or distributor where the items were originally purchased.** A dated proof of sale is required to process any claim.

Exclusions : What is Not Covered

Coverage strictly excludes defects, damage, or wear resulting from the following:

- Mishandling, abuse, neglect, dirt, or the use of abrasive chemicals and cleaners.
- Improper installation, transit damage, or unauthorized product modifications.
- Exposure to extreme temperatures, moisture, humidity, or other environmental negligence.
- The cost of installation, removal, or transportation of any defective or replacement product.

Product Discontinuation

If a warranted product is no longer available, Vita Cabinetry will attempt to replace the defective part with a similar style currently offered, but we are not responsible if the replacement does not exactly match the previously installed product.

Limitations of Liability & Implied Warranties

TO THE MAXIMUM EXTENT PERMITTED BY LAW, ALL IMPLIED WARRANTIES, INCLUDING THOSE OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO FIVE (5) YEARS FROM THE ORIGINAL DATE OF PURCHASE FOR RESIDENTIAL USE, THE DURATION OF ORIGINAL HOMEOWNERSHIP, ONE (1) YEAR FROM THE ORIGINAL DATE OF PURCHASE FOR COMMERCIAL PROJECTS, OR THE SHORTEST PERIOD ALLOWED BY APPLICABLE LAW, WHICHEVER IS LESS. VITA CABINETRY SHALL NOT BE HELD LIABLE FOR ANY INDIRECT, SPECIAL, PUNITIVE, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, EXPENSES, OR COSTS (INCLUDING LOST PROFITS).

Natural Wood Characteristics & Warpage

Because wood is a natural material, variations in color, grain pattern, and overall characteristics are expected. Changes as the wood ages are natural and are not considered manufacturing defects. Furthermore, minor gaps or hairline cracks that develop in door joints due to environmental shifts are not covered.

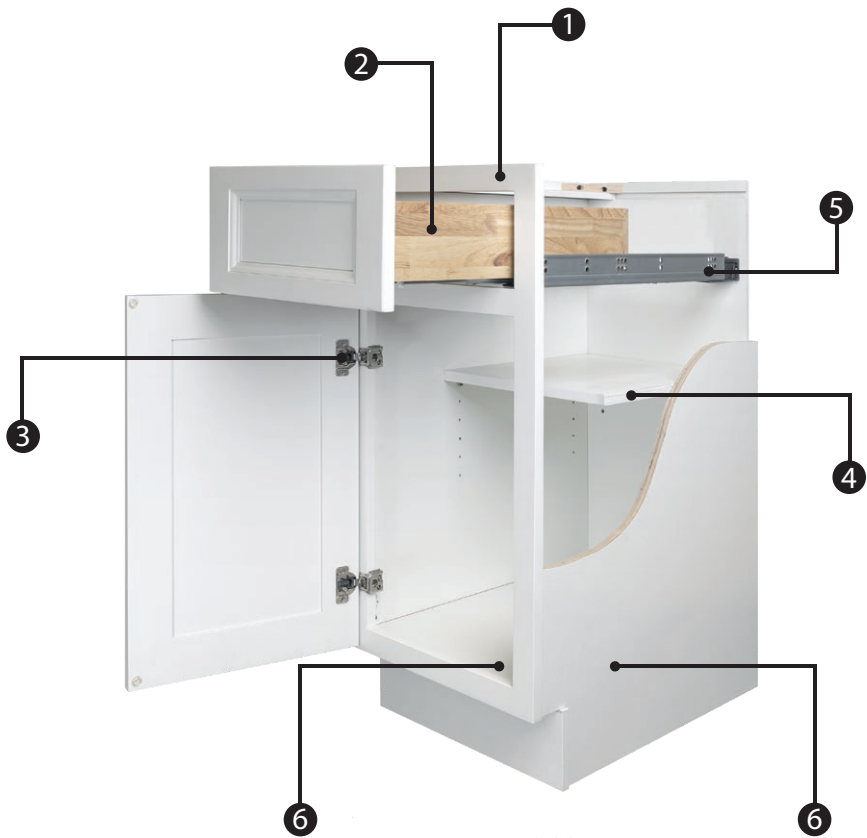

Door warpage is only covered under this warranty if it exceeds 1/2". Before requesting a replacement, the door must be placed on a completely flat surface to verify the extent of the warp.

Cabinet *Construction*

Vita Cabinetry is manufactured with Plywood & Solid Wood Construction, creating long lasting results. All hinges and drawer glides are fully adjustable and utilize soft close technology for a luxury look and feel.

Features

- Drawer faces & doors in solid wood (stained) or HDF (painted).
- Carb2 compliant
- 5/8 Grade A Plywood Construction.
- I-Beam support, for stability.
- Half depth shelf, adjustable.
- Soft Close

Frame
Solid wood, Mortise and Tenon Joint.

Drawer
Solid Wood Finger Jointed, Dovetail Construction.

Hinge
DTC 6-way adjustable soft closing.

Shelf Pins
Metal Shelf Clips, movable.

Glides
DTC full extension pull-out, soft-closing; concealed under-mount.

Matching Finished Interior and Pre Finished Sides.

High-Density Fiberboard (HDF) delivers exceptional strength and stability thanks to its superior density of ~800+ kg/m³— far surpassing solid wood at ~700 kg/m³. Because it is so dense, it does not expand, contract, or absorb moisture like solid wood or lower-grade fiberboards. This ensures painted surfaces (like kitchen cabinets or doors) stay completely smooth with almost no hairline cracks over time.

Approximate Density Guide (kg/m³)
Particle Board: ~400
MDF: ~600
Solid Wood: ~700+
Premium HDF: ~800+

How To Read An Item Code

Every Vita code reads the same way: type, width, height, depth — with the standard depths and heights below built in.

W 30 12

TYPE WIDTH HEIGHT
WALL CABINET 30" WIDE 12" HIGH

B30

Base cabinets list width only - height 34 1/2" and depth 24" are standard.

DB18 - 4

A dash suffix counts drawers: an 18" four-drawer base

W302424

A third pair means depth: 30" wide, 24" high, 24" deep refrigerator wall.

SD- · TD- · BD-

Spare-part prefixes: single door, top or bottom drawer front see page 94.

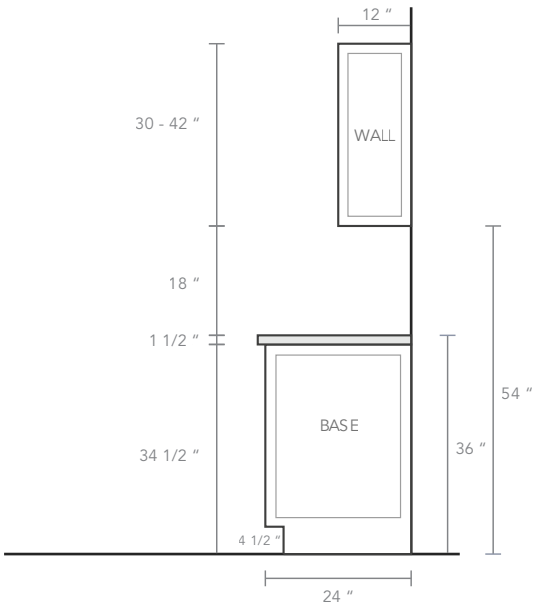

Prefix Directory

W	Wall Cabinet
GD	Glass Door
GDC	Glass Diagonal Corner
WDC	Wall Diagonal Corner
WSQ	Wall Square Corner
AW	Angled Wall
WES	Wall End Shelf
WC	Wine Cube
WR	Wine Rack
AG	Appliance Garage
WMW	Wall Microwave
HOOD	Hood Cover

B	Base Cabinet
SB	Sink Base
FSB	Farm Sink Base
CSB	Corner Sink Bae
DB	Drawer Base
DB-2 -4	Two / Four Drawer Base
LS	Lazy Susan
BBC	Base Blind Corner
AB	Angle Base
BMC	Base Microwave
TP	Tall Pantry
OC	Oven Cabinet

VS	Vanity Sink Base

Standing Out in the Market

Live Cabinet Photos & Quality Control

Each cabinet purchased assembled passes rigorous quality control, and a picture is taken live at that exact moment. You and your clients get total transparency and peace of mind knowing the exact condition of the product before it even leaves our facility

Elevating the Standard

Mental Peace & Harmony

With finished sides and interiors as standard, you only have to ensure about getting the right size item. Say goodbye to worrying about exposed sides, matching glass door interiors, or remembering to add finish upgrades.

Wood Light Reflection & Quality Relationships

Competitors' products might look similar on the surface, but once purchased, the whole kitchen looks vastly different. Using our premium products Vita builds a relationship with your client for years to come, not just for the day of the sale

✓ Vita Premium Finish

✗ Other Brands Finish

The Vita Guarantee — Easy, Fast, Less Risk

Easy!

Online Ordering & Live Inventory: Get all info upfront before making a payment. Let clients decide whether to wait or pay a bit more for an alternative - protecting your profits from unexpected delays.

Standard Upgrades: Edgebanded construction, finished sides & interior come standard.

Ready to Go: Add a glass door anytime; accessories arrive pre-installed.

Fast!

Stocking Distributor: While initial orders elsewhere take 8 weeks, our 24h solution is just a drive/click away if something goes wrong, saving you emotional and financial stress.

Quick Resolutions: If an item is reported missing, lost, or damaged, we provide an answer and replacement within 48h.

Speedy Mods: 4 days for exact modifications & custom.

Less Risk

Change of Mind: 25% restocking fee covers un-opened, perfect condition boxes if your client makes last minute changes.

Easy Exchanges: Mislicked W2142 for W1242? We've got you. Same-day exchanges for smaller items in perfect condition are swapped at no cost. For larger items, you just pay difference.

Total Peace of Mind for you and your clients.

(Set of 25)

The image shows a stack of 25 white booklets. The top booklet is open, displaying a kitchen scene with white cabinets and a wooden island. The 'VITA' logo is visible on the top left of the open booklet.

Customization with **VITA** CABINETS

Custom Prep For Glass

\$309.23

Cut the Center Panel of Door For Glass Insert (Per Door)

Custom Cut-Roll Out Tray

\$173

Reduce Depth of Rollout Drawer (12" Min)

Custom Cut-Wall

\$284

Reduce Depth of Wall Cabinet (4 1/2" Min)

Custom Cut-SBase

\$268

Reduce Depth of Sink Base Cabinet (4 1/2" Min)

Custom Cut-Base Single Drawer \$430

Reduce Depth of Base Cabinet with Single Drawer (12" Min)

Custom Cut-Base Double Drawer \$465

Reduce Depth of Base Cabinet with Double Drawer (12" Min)

Custom Cut-DBase \$583

Reduce Depth of Drawer Base Cabinet (12" Min)

Custom Cut-Tall \$884

Reduce Depth of Tall Cabinet (4 1/2" min.)

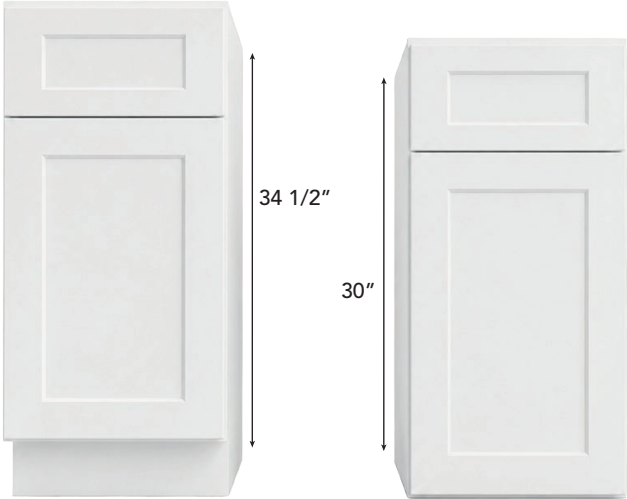

CUSTOMIZATION

Custom Cut-Tk

\$167

Reduce Base Cabinet Toe Kick Height (30" Min - 34 1/2" Max)

Custom Full-Doors

\$188.50

Create Full Height Door Base Cabinet From 2 Cabinets
Example: B15 + w1530 + Custom Full-Doors

Custom Convert to Base

\$53

Install ROT in SB and Convert to Base Cabinet
(ROT purchased Separately)

Custom Convert to SB

\$53

Remove Cabinet Drawer to Create False Drawer Front

Custom Cut-Base Height

\$430

34"
24"
27 11/16"
24"

Reduce Height of Base Cabinet by Cutting off Top Drawer
(Total Base Height 27 11/16")

Custom Seating Bench

\$779

34"
24"
17 1/8"
x"

Create Seating Bench by Cutting off Top Two Drawers
Reduce depth cost included, Must Specify Depth
(Total Base Height 17 1/8") x = up to 12" min

Custom BMC24

\$541

17 1/8"
x"

Create Base Microwave Cabinet From a DB24 Cabinet
(Cabinet Not Incl.)

Custom BOC

\$541

17 1/8"
x"

Create Base Oven Cabinet From a Base Cabinet
(Cabinet Not Incl.)

CUSTOMIZATION

Custom Pen-Cabinet
